

City of Peculiar Newsletter

JANUARY 2008

The City would like to ask for your help by using alternative off-street parking on snowy days. By not parking on the street the plow crew could get more of the street cleared and salted, thus making the street safer for all. We understand that you might not have a choice on where to park, but any help would be greatly appreciated!

The Steering Committee will hold public meetings on January 7th and January 28th at Friendship Hall beginning at 6:30pm. Subjects on the agenda include the Future Land Use map results of the November 26th meeting. Then, discussion of the draft of new land use assumptions, followed by a presentation on the role of demographics in our Master Plan. Then, on the 28th we will begin tackling transportation issues. All meetings are open forum. Business owners and residents of the City are welcome to participate. This is a great opportunity to voice your concerns and express your desired direction for the growth of Peculiar. Don't miss your chance to be heard! If you have questions about the meetings please contact, Barbara Daniels at 816-779-5212, ext. 238.
