

# CITY OF PECULIAR NEWSLETTER

## MARCH 2008

To prepare for the upcoming rainy season and to avoid any drainage or flooding issues, please take a few moments to keep the culverts on your property free from leaves and other debris.

We're sure you all have noticed the new look of your monthly water bills. With that new look comes additional features; such as, e-bill and online bill pay beginning in April 2008. In order for you to utilize these features, you will need to have internet access and a pin number. Beginning in April, a pin number will be automatically generated on your bill. Once you have that pin number, you can access the online bill pay feature by logging onto our web site [www.cityofpeculiar.com](http://www.cityofpeculiar.com) and click on "Pay Utility Bill Online" and follow the set-up procedures. We hope that you will find this added feature helpful and convenient.
